

Hello everyone

September 8, 2020

Kid's Corner used Masks to teach you how God chose people to teach, lead and serve His people.

At that time we did not know that you would have to wear masks when you go back to school.

As you know God puts people to the test and watches how they behave toward others.

So if wearing a mask means I protect you - You protect me.

Let's find out how others feel about wearing the masks.

Two (2) people were interviewed, Brayden grade 6 and Zoesha grade 8.
The questions and answers are on the next page.

As you go back to school enjoy learning and reconnecting with your friends.

Stay safe.

Smile God loves you.

Interview

How and when did you find out that you will have to wear the mask to school?

Brayden - My mom told me.

Zoesha- My parents told me after the government announced the back to school plan and it was on school website the week before school started.

Do you have any friends that do not want to wear mask? Do they tell you why?

Brayden - No
Zoesha- No, all my friends are fine with wearing a mask.

What can you say or do to help people accept and maybe even have fun while wearing masks?

Brayden- I made my own mask and that was fun. You should try.
Zoesha- You can pick out fun colors or designs that match your outfit or your personality. My grandma and I made some together and that was fun.

Braden so if we say wearing a mask is a safety rule can you name 2 safety rules that you and your friends observe already.

When I go biking I wear helmet.
When I play hockey I wear mouth guard.

Zoesha what do we need to do to protect ourselves and others from the Covid-19.

Keep mask on when talking to people, or when you can't be far enough apart such as 2 meters apart that the Health Canada recommends so you don't spread germs.

Keep your hands clean at all times, wash with soap and water or use sanitizer especially before eating and touching your face.

Would you like play a word game? You will need a watch and 2 or more friends.

Ask them. How fast can you name 3 positive things about wearing a mask? Maybe they can name 5 .
